Carolyn, Astin, Ellis,

Thanks in advance for your help to get your program facts presented in a clear, understandable way. I appreciate that you will coordinate within your organizations. Trying to get busy folks to spare time or get together to talk, is like pulling teeth. I like that phrase, "It's like herding cats." I appreciate your help!

In the draft letter, I attempted to compile available information from web sites, letters, and discussions. I hope you will be open to adding clarifications and additional facts where needed, plus providing any documents or reports to attach so the letter provides ready access to priority concerns for the Air Alliance.

The letter is currently for Sam Coleman's signature, the Regional Administrator. If your directors and the General would like to cosign, we can make that happen, too.

There is no pride in authorship, so please use redline/strike out to make your edits. If you have any questions, please call me at 214.665.6583. Feel free to also contact the following folks:

Jane Watson	214.665.6653
Sharon Parrish	214.665.7275
Karen McCormick	214.665.8365

Thanks again for your help with this project.

I included the PDF on the Attachments 1-5 because this is information from the web for the most part.

Steve, the one exception is the PWS Attachment 1, which we compiled from emails and discussions with Texas so you may want to edit it. Here it is in a doc file.
